The book is available for purchase
at Amazon.

Co-authors of the book, [YOU HAVE A ROLE TO PLAY](#), John E. Johnson, a retired lawyer, and Sabby Duthie, a former retirement-home owner, share real stories from families of different generations and backgrounds. Combined with reliable statistics, the result is chilling evidence that elder abuse exists in every facet of our senior citizens' lives.

All net proceeds of the sale of each book will be distributed by BridgeGen Canada Centre, a non-profit organization, to groups supporting the fight against ageism and elder abuse.
