Fun, Friendship and Activities

April to June 2026

Welcome to the Centre's stress-free nooks...

Exciting news! If you have a bit of time in between activities, or just want to hang out with some "me time", you have come to the right place... Have a coffee or two while chatting with a friend, or simply journey into the world of puzzles and coloring books.

A puzzle nook and a coloring book nook are calling for your attention and are set up near the library in the main dining room. The puzzles range from 300 to 1000 pieces; two puzzle boards are at your disposal and the individual puzzle pieces can be stored inside the board, ready for use the next day. On the other hand, you may want to relax and unwind in a different way. What better way than to venture into a make-believe world of adult coloring books.

Your choice! and your enjoyment.
